MA Jinnah Road, Karachi

Skills

- Agentic AI
- Python
- Sanity
- Next JS
- Type Script
- Java Script
- HTML
- CSS
- MS Office
- Figma
- GitHub

Summary

I try to combine strong web development skills in Next.js, JavaScript, and UI/UX design with a growing expertise in Python and AI. I create clean, user-friendly, and efficient digital experiences while always aiming to improve and innovate.

I strive to design and develop interfaces that balance aesthetic appeal with functionality, accessibility and performance.

Education

Matriculation : 2021 - 2023

Intermediate : 2023 - 2024

Tech Force Pakistan : 2024

GIAIC : 2024 – so on…
